SITUATION SUMMARY

Magnitude 6.0 Earthquake, American Canyon, Napa County

SITUATION UPDATE

On Sunday, August 24, 2014, at 0320 Hours PST, a magnitude 6.0 earthquake struck five miles northwest of American Canyon, CA. Earthquake nucleated at a depth of 10.8km.

- * The shaking intensity in American River and Napa of the “South Napa Earthquake” was a “VII” on the Modified Mercalli Scale, suggesting very strong shaking occurred in the Napa County area.
- * Ground shaking was felt as far south as Salinas, east to Sacramento, and north to Ukiah.
- * The aftershock forecast, based on the USGS "generic" earthquake sequence has a likelihood of Magnitude 5 and larger for the next 7 days of 54%. These statistics will be updated 24 hours after the earthquake when a sufficient number of aftershocks are recorded to estimate a better decay rate.
- * USGS PAGER modeling predicts MMI VII shaking levels at Napa and a broad damage distribution peaking at \$100M-\$1B and low likelihood for fatalities.
- * The Cal OES Earthquake and Tsunami Duty Officer is in contact with the United States Geological Survey and California Geological Survey and will provide updates as new information becomes available.

Injuries

- Napa County: 87, unknown severity
- Solano County: 20, unknown severity

Damage

- * Reports of structural collapse/gas line issues within the City of Napa and fires in unincorporated area.
- * Napa County Sheriff has taken back their 9-1-1 calls and AT&T has placed a backup generator at the Napa central office.

SITUATION SUMMARY

Magnitude 6.0 Earthquake, American Canyon, Napa County (Continued)

Evacuations/Shelters

- * American Red Cross: Crosswalk Community Church, located 2590 First Street, Napa, CA

Health/Medical

- * Region 2 Disaster Medical Health Specialist (RDMHS) reports Queen of the Valley Hospital is overwhelmed and has requested assistance with obtaining 50 suture kits; the RDMHS is working to fill the request.
- * As the Emergency Department is overwhelmed, patients will likely be diverted to surrounding hospitals.
- * Ten Advanced Life Support (ALS) ambulances have been deployed from Contra Costa and Alameda to help run calls in Napa County.
- * Two (2) Disaster Medical Support Units have been activated.

SITUATION SUMMARY

Magnitude 6.0 Earthquake, American Canyon, Napa County (Continued)

State Facility Reports

Napa State Hospital

- Facility lost power for approximately 10 minutes following the initial 6.0 EQ
- Minor structural damage to older buildings on campus.
- Some buildings vacated due to structural damage.
- Water leaks occurring from hot water heating system.
- No reports of injuries to staff or patients at this time.
- Napa State Hospital has activated its Emergency Management Plan and continues to survey damage.
- One (1) of two (2) Napa State Hospital ambulances is providing mutual aid to the City of Napa.
- Hospital has closed Visitors Center, as many Hospital Police Officers homes were affected by the earthquake and have called for emergency leave.

Yountville Veterans Home

- On emergency power.
- No injuries reported on campus.
- Damage reported at ambulatory care clinic.

Sonoma Developmental Center

- No injuries to residents or staff.
- No damage to structures reported.
- Water, electricity, and phone lines are all operational.
- SDC has offered assistance to Napa State Hospital, if needed.

SITUATION SUMMARY

Magnitude 6.0 Earthquake, American Canyon, Napa County (Continued) **Critical Infrastructure**

Railway – Per the California Public Utilities Commission, Railroad Safety

Napa Valley Railroad:

- Heavy damage to Napa Station.
- Damage to commissary building (newer building should be constructed using earthquake-resistant standards)
- Lots of loose items knocked to the floor inside buildings and stationary rail cars
- No trains are running until inspections are completed
- Signal and track inspections are being performed
- Some railroad employees' homes are damaged by the earthquake

Union Pacific Railroad (UP):

- No hazmat releases reported
- Track inspections being done
- War room set up at Roseville with Bridge, Mechanical, Operating, Signal & Track.
- No trains are running until inspections are completed.
- Inspections conducted within 100 mile radius from epicenter.
- Inspectors call in every 10 miles.
- Track is 40% complete.
- Bridge is 15% complete.
- No signal conditions reported.
- No structural damage reported.
- No injuries reported.

SITUATION SUMMARY

Magnitude 6.0 Earthquake, American Canyon, Napa County (Continued)

Critical Infrastructure

Railway (Continued)

SMART & NWP:

- No trains running until at least Tuesday
- Inspections will be made on Monday of bridges, structures, track and signal, with special attention being paid to their older, moveable bridges
- A manager's home is damaged in Napa

BNSF:

- No hazmat issues reported
- Inspections being done
- Those in Richmond Yard said the earthquake was very light there
- No issues noted in Stockton, Riverbank and Richmond yard areas
- Track inspections of the main track are being done. If the inspection shows no damage a train will be ready to leave Richmond in 1.5 hours

California Northern Railroad:

- No damage reported currently.
- No trains running.
- Track inspections not completed & are being conducted on the following subs; Shellville, West Valley and Tracy.

Amtrak:

- Holding all trains until cleared by the BNSF & UP railroads. Expect to begin running after 12:00 Noon update from BN & UP.
- No passengers are being bussed.
- No injuries reported.
- No structural damage to stations or platforms reported.
- Maintenance facility being inspected at Oakland.

ACE:

- Cancelled special 49ers train from Stockton to Santa Clara
- Will be back to regular week day schedule once tracks are cleared by UP after inspection

SITUATION SUMMARY

Magnitude 6.0 Earthquake, American Canyon, Napa County (Continued)

Drinking Water

* Per Cal EPA Drinking Water Program: The City of Napa is experiencing severe losses due to approximately 20-40 distribution leaks. They currently have approximately 27 MGD leaving the water treatment plant and are only able to produce 20 MGD. They do not believe that they are facing an immediate water outage; however, that could be the case if the leaks are not contained in a short-period of time. The City of Napa serves approximately 90,000 people.

Dams

- * Monticello Dam is a Federal Bureau of Reclamation Dam.
- * As of 0630 hours there are no specific reports of damage related to the earthquake.
- * Per standard protocol, a damage assessment is ongoing and updates will be provided by DWR upon completion.

Utilities

- * Approximately 25,700 power outages (down from 64,000).
- * Per CUEA, PG&E has activated their EOC and are mobilizing assessment teams and dispatching emergency crews to the area.
- * Natural gas lines are reported to be affected; potential 6 inch gas main leak; crews en route.
- * Water line breaks have been reported.
- * Initial reports indicate the west side of Contra Costa County has some downed power lines and potentially some waterline breaks.

SITUATION SUMMARY

Magnitude 6.0 Earthquake, American Canyon, Napa County (Continued)

Environmental

Per State Lands Commission, they have completed a survey and there are no reports of damage or releases reported at Bay Area Refineries and Marine Oil Terminals.

Road Closures

- * State Route 37: Re-opened from Sonoma Blvd to the Junction of I-80
- * State Route 29: Open with signals out.
- * State Route 121: Thirty feet of cracked and lifted up asphalt. Roads are drivable using caution and will remain open for drivers attending an event at Sears Point Raceway. Crews are assessing damage. No impact to traffic 3 mi north of the Sonoma/Napa co line /at Cuttings Wharf.

Activations

- * The State Operations Center is activated at Level 3.
- * The Coastal Region Emergency Operations Center (REOC) is activated at Level 3.
- * Napa County EOC is activated at Level 2. It has moved to Napa County Sheriff's Department due to structural issues at the county administration building.
- * The City of Napa EOC is activated at Level 2.

Declarations

- * The Governor has declared a State of Emergency.

SITUATION SUMMARY

Governor Brown Declares State of Emergency for Northern California Wildfires

On 08/02/14, Governor Brown issued an emergency proclamation for the state of California due to the effects of wildfires in El Dorado, Amador, Butte, Humboldt, Lassen, Madera, Mariposa, Mendocino, Modoc, Shasta, and Siskiyou counties that have burned thousands of acres, destroyed homes and other structures and damaged critical infrastructure.

Cal OES Activations Due to Wildfires

- Cal OES Fire EOC is activated in support of statewide fires.
- The Inland REOC is activated at Level 1
- The SOC is activated at Level 1

Inland Region

Inland Region is coordinating with Recovery staff and Counties of Modoc, Lassen, Shasta and Siskiyou to enter Initial Damage Estimate information into Cal EOC. Recovery Staff arrived in Northern CA (Modoc) on Tuesday August 19 to begin working directly with local government and Inland Region Staff on IDE data. Tentative dates for FMAG briefings are August 27 & August 28

- Cal OES Recovery, has returned from deployment to Modoc and Shasta Counties to validate IDEs (Initial Damage Estimates).
- A Cal OES Recovery specialist has been deployed to Mariposa County due to the El Portal Fire and is scheduled to return 8/23/14

2014-FIRE-4773, EMAC Request #774-RR-3432

New Mexico Type I fixed wing RC26 aircraft with infrared flight for imagery recording of fires. The Aircraft will be assigned to perform imagery of the areas in real time coverage in the counties of El Dorado, Placer, Nevada, Yuba, Sierra, Butte, Plumas, Tehama, Shasta, Lassen, Trinity, Modoc Humboldt, Del Norte, and Mendocino. 8/15/14: REQ-A completed

SITUATION SUMMARY

NORTHERN CALIFORNIA FIRES

Eiler Incident – CA-LNF-003502 – Shasta Op Area

Type 4 IC - FRA

4 miles SE of Burney, 6 miles NW of Old Station, CA

32,416 acres at 98% - Expected containment 08/24/2014

7 residences, 2 commercial property, 12 minor structures destroyed

FMAG approved

Hold and improve existing line, mop-up ,continue suppression repair and back haul..

Info from ICS-209

Happy Camp Complex – CA-KNF-005956 – Siskiyou Op Area

Type 2 IMT – FRA

Happy Camp, CA

20,253 acres at 20% - Expected containment 09/08/2014

695 residences, 28 commercial structures, and 20 minor structures threatened

Implement the strategies above with public and firefighter safety as number one priority. Continue direct and indirect line construction on the Frying Pan Fire. Continue to work with the Forest, Karuk Tribe and local communities. Begin indirect fire line construction and contingency planning.

15 Local Government Engines and 1 Watertender assigned under local agreements

Info from ICS-209

July Complex – CA-KNF-005564 – Siskiyou Op Area

Type 1 IMT – FRA

Southeast of Sawyers Bar, Siskiyou County

34,706 acres @ 36% - Expected containment 08/30/2014

2 other minor structures destroyed

140 single residences, 6 commercial and 71 other minor structures threatened

Whites Fire: Patrol fire lines and threatened communities. Mop up where and when possible. Man Fire: Support 1 IHC and 2 Wildland Fire Modules in the fire area. Continue firing operations along the Pacific crest trail. Scouting the fire area to identify opportunities for containment while minimizing suppression impacts to the Wilderness.

28 Local Government Engines and 1 Watertender assigned

OES AC Clary and AC Hood assigned

Info from ICS-209

Cal OES
GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

SITUATION SUMMARY

NORTHERN CALIFORNIA FIRES

KNF Beaver Incident – CA-KNE-005497 – Siskiyou Op Area

Type 2 IMT – FRA

Hwy 96 along Beaver Creek, Siskiyou County

32,496 acres at 97% - Expected Containment 08/24/2014

Patrol and mop-up fireline

6 other minor structures destroyed

Info from ICS-209

Lodge Complex Incident – CA-MEU-007202 – Mendocino Op Area

Type 3 IC – SRA

Near Laytonville

12,535 acres at 96% - Expected Containment 08/28/2014

Mop up and patrol

Info from ICS-209

Log Incident – CA-KNF-005514 – Siskiyou Op Area

Type 3 IC – FRA in Unified Command

6 miles West of Greenview, Siskiyou County

3,629 acres at 99% - Expected Containment 08/25/2014

Mop up and suppression repair.

Info from ICS-209

SITUATION SUMMARY

SOUTHERN CALIFORNIA FIRES

Junction Incident – CA-MMU--014633 – Madera County

Type-3 IMT– SRA

Hwy 49 South & Hwy 41

612 acres @ 95% - Expected Containment 08/25/2014

5 residences, 3 mixed commercial residential, and 39 minor structures destroyed

2 residences and 4 minor structures damaged

FMAG approved

Continue mop up and improve containment lines within current control objectives

Info from ICS-209

Way Incident – CA-CND--003148 – Kern County

Type-1 IC – FRA

Wofford Heights

4,045 acres @ 96% - Expected Containment Unknown

9 single residences and 2 minor structures destroyed

2 residences and 2 minor structures damaged

FMAG approved

Hold, improve and mop up established containment lines. Significant demobilization begins today

Info from ICS-209

SITUATION SUMMARY

M/V PINE GALAXY Maritime Incident (Update)

08/23/14 at 1730 hours:

A 485 foot chemical tank vessel experienced a maintenance room fire and as a result the vessel has loss of electrical power and propulsion. The vessel is under tow toward San Francisco Bay. Vessel is 277 nautical miles NW of San Francisco Bay (@ Sierra and Whiskey Buoys). The tow party and vessel have come to a DEAD STOP due to bad weather (Seas @ 9-11 ft @ 6 secs and winds @ 25 knots, steady) The ETA is not known. Navigators and USCG Vessel Traffic Control predict Monday/Tuesday. That's when the weather will improve, per NOAA forward. The vessel was sailing from southern California to Korea. Status of crew (1) Dead - buried at sea, 21 crew members remain. All are Chinese and Korean Nationals. Health and Welfare - remaining crew are healthy and secure. As the vessel nears the San Francisco Bay, medical units will board the vessel and perform examinations of all crew members. No requirement exists to transport crew to land at this time. Status of Cargo -Propylene Tetramer - a petroleum additive. Other cargo includes: Neutral oil, tetramer, and vegetable oil. All cargoes are in holding tanks and are 100% secure.

- USCG Sector SF has stood up a Unified Command and Incident Command Post at Sector offices, including a Potential Places of Refuge (PPOR) Unit under Planning. This PPOR unit conducted a Places of Refuge Assessment using the PPOR Tool from the USCG Commandant Instruction 16451.9. PPOR Unit Recommendations are consistent with the proposed tow plan specifying breaking tow and reconfiguring tug placement for bringing vessel to shore (Anchorage 9), shore based operations to inert the cargo and fuel tanks (Pier 80), and final transit to shore to complete vessel repairs (Pier 70). The ship owner's coordination team has arrived from Singapore and participating in the Unified Command.
- One request for Cal OES Ports and Harbors ESC: Cal OES Ports and Harbors is the Unified Command's Liaison Officer: Unit consists of City and County of San Francisco (R. Dudgeon) and the Port of San Francisco (S. Sansom) (by phone) State and Federal Parks, and several marine sanctuaries. San Francisco's EOC is not activated. On Sunday the Liaison Unit may have additional reps. No other requests.

SITUATION SUMMARY

Situational Summary

On January 17, 2014 Governor Edmund G. Brown proclaimed a State of Emergency and directed state officials to take all necessary actions to prepare for drought conditions. The State Operation Center (SOC) is activated to implement objectives in support of the Governor's priorities. The lack of winter rain and snowfall has resulted in extremely dry conditions in many parts of the State. Reservoir levels are down significantly from where they should be on average for this time of year. If conditions continue severe impacts to municipal water supplies, agriculture (plants and livestock) and firefighting capabilities are likely in store for the State over the next few months. Negative economic impacts will also result.

The drought could result in severe impacts to the municipal water supplies, wells, agriculture (plants and livestock) and firefighting capabilities for several months. The SOC continues to be activated to monitor the situation statewide, and support regional and local operational areas.

- Current Reservoir Levels continue to decline. Levels as of August 20th : Don Pedro 42%; Exchequer 17%; Folsom Lake 40%; Lake Oroville 32%; Millerton Lake 47%; New Melones 24%; Pine Flat 12%; San Luis 20%; Lake Shasta 32%; Trinity Lake 31%; Pyramid Lake 94%; and Castaic Lake 44%.

- Emergency Drinking Water Procurement and Distribution Planning Guidance (rev. May 2014)
Significant changes have occurred to the structure of California's state government organization. Rapid advances in systems, science, and technology have helped emergency managers improve coordination, forecasting, and situational awareness. Because of these changes, the *Multi-Agency Emergency Response Procedures for Potable Water Procurement & Distribution* document has been replaced by the *Emergency Drinking Water Procurement and Distribution Planning Guidance*. The intent of this guidance document is to clarify the roles and responsibilities of the stakeholders involved in locating, procuring, and delivery of emergency drinking water¹ to populations in California. Consequently creating a framework for agencies and organizations to work together to enhance preparedness.

Situational Summary

- State Board Mandatory Conservation Regulations Now in Effect: The state's first-ever emergency regulations mandating urban water conservation became effective will be in effect until April 25, 2015.
http://www.waterboards.ca.gov/waterrights/water_issues/programs/drought/emergency_regulations_waterconservation.shtml
- The 2014 Governor Drought Task Force continues to meet regularly to take actions that conserve water and coordinate state response to the drought.
- Cal OES continues to gather drought-related costs from state agencies and local governments.

CAL OES EXERCISES

Oroville Dam Emergency Action Plan Exercise, Butte County (No Change)

- August 27th, Oroville Dam Emergency Action Plan Exercise – Cal OES Inland Region Staff and Cal OES T-Comm Staff will participate in this functional exercise.
- An MRT has been created to provide a MIGU for communications during the Exercise.
- The Warning Center and Region may receive notifications as a result of this Exercise on August 27th.

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
